PREFATORY NOTE

FOR a quarter of a century Mr. Victor G. Fischer was an influential figure in the Art life of Washington where he drew to his Galleries the Art loving public, not only of Washington but visitors to the Capital from the country at large. Last year the dissolution of the V. G. Fischer Art Company (Incorporated) led him to give up his Washington Galleries and now the entire property of the Company is to be sold without reserve in The Anderson Galleries.

In the preparation of the Catalogue the greatest care has been exercised by the cataloguers to present the works accurately and to secure correct attribution, in which they have been ably supported by Mr. Fischer. In some cases where works by the older painters had been bought with definite assurance of their genuineness, they have been entered as attributed to the Artists in order more fully to protect the buying public, it being Mr. Fischer's desire that no doubts shall be raised as to the authenticity of any picture.

In spirit and training Mr. Fischer is first the collector and amateur, with enthusiasm and deep love for Works of Art and only a dealer by vocation. With his wide acquaintance with Artists and the collectors of Europe and America he has gathered a large and varied collection of Paintings covering all schools and periods; also a large collection of Curios, Bronzes, Watches, Clocks, Fans, Snuff boxes, and other articles of virtu.
